3. COMMITMENT

- Flag format : csictf{}
- hoshimaseok is up to no good. Track him down.

Prvo sam na google-u pretražila hoshimaseok, i izašao mi je github nalog. Tu sam našla SomethingFishy repozitorijum.

The image shows a GitHub profile page for the user 'hoshimaseok'. The profile picture is a blue and white pixelated character. The page includes a 'Follow' button, a '1 follower · 0 following' status, and a 'Block or report user' link. Under 'Popular repositories', the repository 'SomethingFishy' is highlighted with a red box. It is a public repository with 7 stars. Below this, a 'Contribution activity' section shows a calendar for the last year (2025) with no contributions recorded. The text 'hoshimaseok has no activity yet for this period.' is displayed at the bottom of the activity section.

Master grana sadrži samo readme fajl, pa sam prešla na develop granu na kojoj postoje folderi i fajlovi.

The image shows the GitHub repository page for 'SomethingFishy' by 'hoshimaseok'. The repository is public and has 33 commits. The current branch is 'dev', which is 32 commits ahead of 'master'. The repository contains several files and folders, including 'controllers', 'middleware', 'models', 'routes', '.gitignore', 'README.md', 'app.js', 'package-lock.json', and 'package.json'. The commit history shows a series of updates, including 'feat: Making changes', 'Merge branch 'dev' of github.com:hoshimaseok/SomethingFi...', 'fix: Removing dependencies', 'fix: Did you see my python?', 'feat: Updated .gitignore', 'Update README.md', 'fix: Line spacing', 'feat: initial setup', and 'feat: initial setup'.

Unutar istorije komitova, išla sam redom i gledala da li u nekom komitu mogu da nađem flag. On se nalazio u fix: [userSchema.js](#) fix komitu, unutar obrisano .env fajla.
